Faith Based Education

St. Columba is a faith community where each child is considered to be a gift with unique abilities and needs. We provide a loving and safe learning environment. We design our instructional program to help each student attain his/her full spiritual, academic, and physical potential. We prepare students to become effective **leaders in today's society while** we teach and nurture Christian values.

This process starts in the preschool classroom where children learn about their faith and acquire the fundamental academic skills and work habits necessary for success in kindergarten.

St. Columba School welcomes every child of any faith background to its morally and spiritually rich environment.

Accreditation

St. Columba School is regulated by the Catholic Diocese of Harrisburg and approved by the Pennsylvania Department of Education. St Columba School is an accredited member of the Middle States Association of Colleges and Schools Commission on Elementary Schools.
